

Jack | pneumatic | mobile | 40 / 80 t

Product number: 74288

Weight: 1.333 kg

EAN: 4048769080891

- short compact design, therefore easy to maneuver
- hydraulic system supported by compressed air for easy lifting
- large support surface for safe standing
- 2-steps
- suitable for commercial vehicles, tractors, agricultural machinery as well as larger construction machines and construction vehicles
- overload protection by overload pressure valve
- maximum lifting height is achieved by the two adapters included in delivery
- diameter plate: 127 mm
- ground clearance: 205 mm
- rear width: 280 mm

- width in front: 200 mm
- length lever: 1310 mm
- diameter handle: 50 x 30.5 mm
- height of adapters: 40, 60 mm
- cylinder diameter: 165 mm
- air requirement: 35 - 40 l/min
