

Hole Saw | Ø 68 mm | depth 40 mm

Product number: 50368

Weight: 0.224 kg

EAN: 4048769058265

- for drilling holes in carbon steel, stainless steel, cast iron, brass, aluminum and wood
- made of strong, break-proof and stable material to create breakthroughs
- right-hand cutting
- variable tooth pitch (4/6 tooth)
- high concentricity accuracy
- good chip removal
- to be used with cordless or electric hand drills
- suitable for holesaw attachment bracket, with pilot drill (BGS 50399)
- cutting depth up to max.: 40 mm

- max. drive speed carbon steel: 130 r.p.m.
- max. drive speed stainless steel: 65 r.p.m.
- max. drive speed cast iron: 85 r.p.m.
- max. drive speed brass: 170 r.p.m.
- max. drive speed aluminum: 195 r.p.m.
- max. drive speed wood: 1800 r.p.m.
