

## Tree Watering Ring | 55 l

Product number: 53755

Weight: 0.774 kg

EAN: 4048769060305

- reliable and mobile water supply
- ideal for bridging long dry periods
- suitable for new plantings, young and existing trees and shrubs
- can be used in the home garden or for urban trees along streets and in parks
- due to the brown color the ring blends inconspicuously into the garden environment
- large capacity of 55 liters
- long-lasting water delivery between 5 to 10 hours per filling (drop by drop)
- gentle and even watering of the root area
- optimal water absorption thanks to continuous soil moisture

- fast and effortless application by simple folding over
  - easy to fill with a water hose due to practical opening
  - cap at the inlet valve prevents subsequent leakage of water
  - reusable several times
  - robust material withstands any weather and is designed for long-term outdoor use
- 
- outer dimension (non folded): Ø 900 mm
  - inner dimension (non folded): Ø 140 mm
  - grammage: 520 g/m<sup>2</sup>
